

SEMINOLE MARINE INC.
SAILFISH BOATS
PAUL HOPPES, PRESIDENT

Cairo Georgia

Paul Hoppes, President of Seminole Marine Inc., today announced the formation of the “Seminole Marine Group”, to explore opportunities in the marine / boat building industry. Hoppes feels now is the time to pursue new products and technology, and expand our company through acquisitions. We have assembled a team of experts, and have evaluated and will continue to evaluate opportunities that will reinforce our position as a leading manufacturer of innovative, quality products. “We strongly believe that marine dealers are looking for long term relationships with solid, well run, independent company’s, that offer 1st class product, great customer service, and immediate consumer recognition”. Seminole Marine Inc. manufacturers Sailfish saltwater fishing boats, one of the largest saltwater manufacturers, with world wide distribution.
