**MARINTECH PRODUCTS, INC. PURCHASES  
ALL ASSETS OF Troll Master**

WHITE BEAR LAKE, MINNESOTA (USA) MarineTech Products, Inc. ([www.marinetechproducts.com](http://www.marinetechproducts.com)), noted for its premier line of Panther, Navigator, EZ Steer, Anglers Pal and Detwiler marine products, announced the acquisition of all assets of Topline Control, Inc. makers of TrollMaster, [www.troll-masterpro.com](http://www.troll-masterpro.com). Troll Master is the premier manufacturer of auxiliary outboard remote throttle systems for gas power trolling motors. TrollMaster designs incorporate microprocessor technology providing unmatched throttle control precision for the 'kicker' motor. TrollMaster is designed to interface with Panther's T-4 Electrosteer, remote steering system, providing the boater with a completely integrated speed and steering solution. The water tight control housings can be hand-held or panel mounted protecting these products against the harshest of conditions including saltwater applications. TrollMaster products as with all Marinetechn product lines will be sold through 2-step distribution, as well as through major retailers. All Manufacturing, sales and marketing will move to MarineTech corporate headquarters in White Bear Lake, Minnesota.
